PREFACE

The material for this book was researched and compiled between 1982 and 1995. It is being printed by the Williams County Genealogical Society, Box 293, Bryan, Ohio 43506 as a continuation of their efforts to publish cemetery records of the 12 townships in Williams County.

This project started when I was searching for my great grandmother's obituary. I went to the office of the Edon Commercial and asked to see their old newspapers. They brought out a huge box of papers, rolled up, tattered and deserted by the mice. I brought them home, flattened and sorted them and began my search. I found Grandma's obituary, but the others were so interesting that I ended up copying them all. Thus bitten by the bug, I started reading the tombstones in the cemeteries.

Additional information for this record has been compiled from birth, death, marriage and census records, family histories, and local residents.

Thanks to all those who helped in this endeavor, most notably to Steven Bloir who shared all of his vast information on the West Buffalo Cemetery, to Beverly Kundard who spent many hours searching the records of the Krill (formerly Kundard) Funeral Home and to Alice Shaffer for her help in editing and indexing the book.

If anyone has corrections or additions to this information, please contact me so that I may add them to my files as well as those of the society.

BRADY CEMETERY

Location: In Section 23. The cemetery was about 1 1/4 miles north of Blakeslee on St. Rte. 34, on the east side of the road.

This cemetery is puzzling in the naming due to the fact that no one by the name of Brady owned land in this quarter section. There were Bradys who owned land in Section 33 but examination of their deeds by Richard Cooley revealed no cemeteries on that land.

This cemetery north of Blakeslee as referred to here was a small plat and only one deed ever mentioned the cemetery, and that by exception.

The U.S. Patent was to Richard Baker in 1837. It was transferred to Nelson Webb, Eliza Webb, James Cameron and to Henry Dirr by 1873. The latter is the only one to mention the cemetery.

BRATTON or INGRAM CEMETERY

Location: In Section 14. The cemetery is 2 1/2 miles east of Edon on County Road J to Co. Rd. 6, then north to just past the Norfolk & Western Railroad. A vague trail leads back quite a ways off the road to a small patch of woods where the tombstones still lay.

This should be called the Bratton Cemetery. The Ingrams owned land bordering on the cemetery and apparently over the years the cemetery was mistaken as their family plot.

This was a private family cemetery. It was never displayed on any map or atlas of Williams County. The land was originally deeded to Eli Farnham, with transfers being made to James Criswell, Robert Forgy, Michael Criswell and to James Bratton by 1842. James Bratton made a transfer, for cemetery purposes, to Thomas Burke et al Trustees in May, 1856.

Parts of three other broken stones and a base were found. No information on any of them. Area is completely overgrown.

EDON CEMETERY

Location: In Section 21. The cemetery is on State Route 49 at the south edge of Edon, just inside the corporation limits.

Sometimes referred to as the Edon Union or Edon Joint Cemetery.

Paul Van Gundy states in his 1974 cemetery research, that this cemetery was originally a private family cemetery for the Smith and Ferrall families. The U.S. Patent was to James Ferrall in 1837. It passed to Edwin Ferrall, then William Smith and to John G. Kaiser in 1859 excepting 1/2 acre used for a cemetery. It was later deeded to the Trustees of Florence Township and the Village of Edon. The North Section was opened about 1952. A new East Section is currently being developed on land donated by Keith & Larue Reitzel.

MILLER CEMETERY

Location: In Section 18. The cemetery was on Co. Rd. K about 1/2 miles west of Co. Rd. 2.

This cemetery was rediscovered by Richard L. Cooley while doing research on cemeteries. It was a private family plot which was abandoned in 1915.

U.S. Patent to Phillip Nihart in 1844. It was later transferred to Joseph Eli, and to Henry Miller in 1854. Henry Miller transferred the land "known by the name of Miller Cemetery" to the Trustees of Florence Township in 1875. The Trustees of Florence Township transferred this land to Jason Stuller in 1917 after "it is hereby declared that the said grantors and their predecessors in office have removed all of the bodies buried on said tract of land and have formally and legally decided to abandon said partial of all land for burial purposes."

It is unknown how many people had been buried in this cemetery. From examination of the above deeds, it appears the cemetery had been in use for some time before it was created by Henry Miller in 1875. Burials were still occuring there as late as 1901.

ST. JOSEPH CATHOLIC CEMETERY

Location: The cemetery is 1/2 mile north of Blakeslee on the east side of State Route 34 in Section 26.

It is sometimes called the Blakeslee Cemetery.

This was the site of the first Catholic church and school and is now maintained by St. Joseph parish. The original deed was to Philip D. Widenau in 1855 and was transferred to Samuel Brown, then John Hoffer and to Charles Fry in 1864. Charles Fry deeded the land to the Trustees of St. Joseph Roman Catholic Church in 1865. The first known burial is that of Caroline, wife of Charles Fry, in 1864.

Preface

The material for this book was researched and compiled between 1985 and 1993 by Cecelia Headley Hinkle. It is being printed by the Williams County Genealogical Society, Box 293, Bryan, Ohio 43506 as a continuation of the project to publish cemetery records of the 12 townships in Williams County.

This began as a means of saving myself numerous trips to check tombstones for other people after I became clerk of Northwest Township in 1984. But I found myself hooked on these pioneering people and ended up collecting obituaries and copying census, birth and death records to learn more about them.

Thanks to all those who helped in this endeavor, most notably Shirley Disbro, Loretto Kohl, Everitt & Eva Mocherman & Crystle Parson who shared obituaries and funeral home records. Thanks also to my daughter Natalie Mentzer for her help in reading the more difficult stones in 1993. Also of special help was Northwest Township maintenance employee Robert Funnell who on more than one occasion lifted or dug out stones, and even measured a whole section of the Columbia Cemetery to aid me in making a new map.

Alice Shaffer deserves the credit for indexing the book and giving me much aid and advice.

If anyone has corrections or additional information, please contact me so that I may add them to my files as well as those of the society.

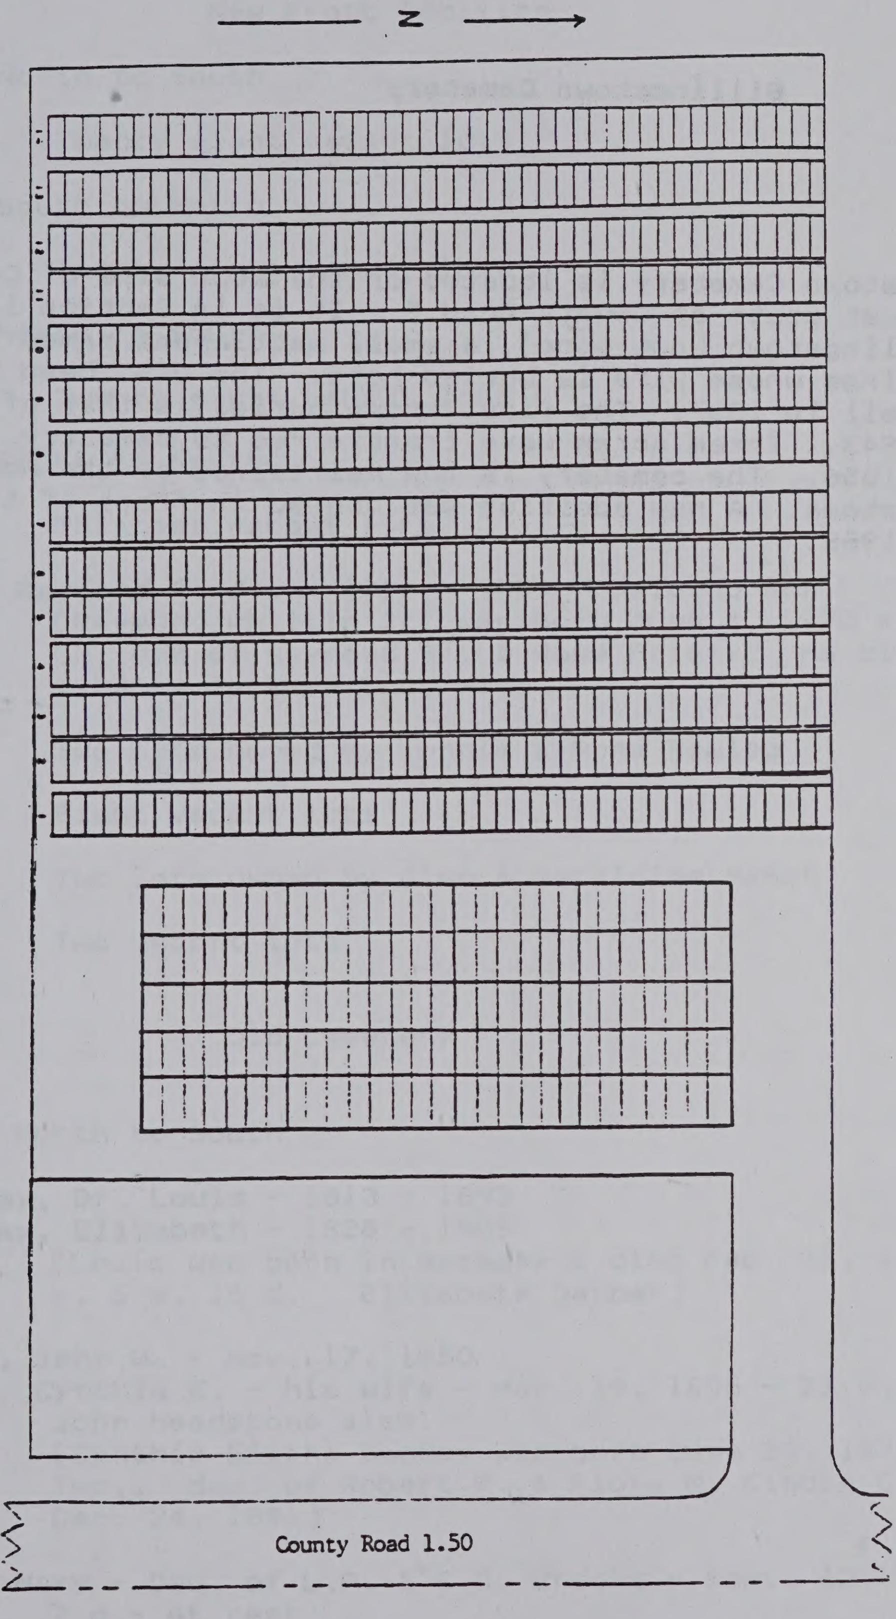
BILLINGSTOWN CEMETERY



N
County Road 1.50

Billingstown Cemetery

Billingstown Cemetery is located on the west side of County Road 1.50, just south of County Road S. It is in Section 17, just north of Billingstown (now gone), a small settlement named for William Billings whose wife is buried here. The U.S. Deed was to Russell Bissell in 1837. The first known burial is that of Sarah Johnson in 1843. Three acres were transferred to cemetery trustees in 1856. The cemetery is now maintained by the Northwest Township Trustees. A new addition was opened in front of the old cemetery in 1988.

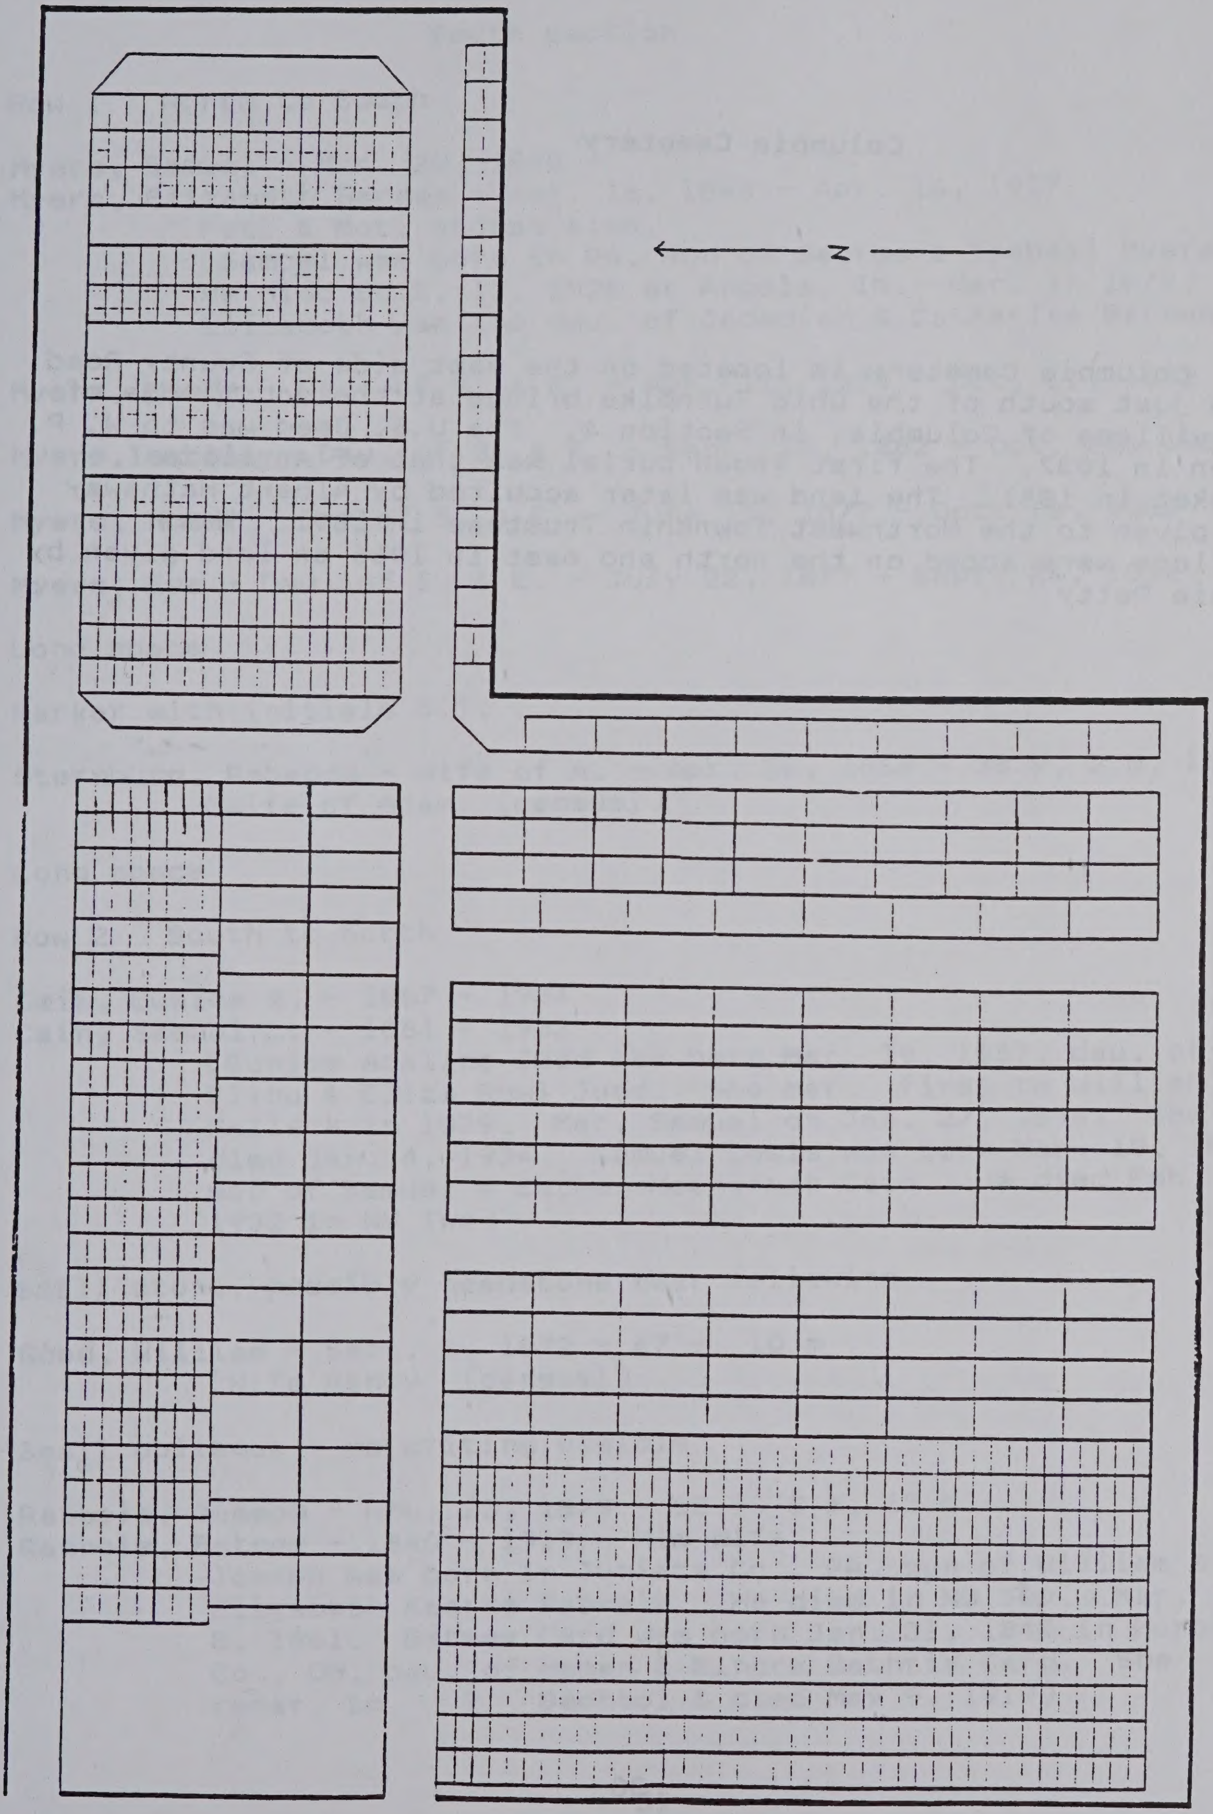
COLUMBIA CEMETERY



Columbia Cemetery

Columbia Cemetery is located on the east side of County Road 1.50 just south of the Ohio Turnpike bridge at the south edge of the village of Columbia, in Section 4. The U.S. Deed was to W. P. Green in 1837. The first known burial was that of Annaliza Trisket in 1851. The land was later acquired by Albert Hathaway and given to the Northwest Township Trustees in 1891. New sections were added on the north and east in 1966 on land given by Jennie Petty.

Malcolm Cemetery

Malcolm Cemetery is located on the east side of State Route 49, just north of U.S. Route 20, in Section 35. The land was given in 1869 by Alexander Malcolm for a United Brethren Church and cemetery. The cemetery was given to the Northwest Township Trustees in 1891 and the township acquired the church property in 1982. The church has been gone for many years. To the north of the cemetery is the former Malcolm School which is now the office of the Northwest Township Trustees.

Pleasant View Cemetery

Nettle Lake Cemetery, also known as the Kintigh Cemetery and the Pleasant View Cemetery is located on the west side of County Road 5.75 about 1/2 mile south of County Road S, in Section 13. The U.S. Deed was to James Pease in 1840. The land was owned for many years by the Kintigh family and the cemetery was transferred to Northwest Township in 1890. The Nettle Lake United Brethren Church is located across the road from the cemetery. The writer was told by Dale Humphrey that some of the burials here were relocations from a small cemetery north and west of the present cemetery. The first known burial was that of Christann Hosler in 1856.

ROGERS CEMETERY

Rogers Cemetery

Rogers Cemetery is located on the west side of County Road 1.50, about 1 1/4 miles north of Columbia, in Section 32. The first known burial was that of Cornelia Whaley in 1842. The abstract of the Rogers farm shows the sale of a cemetery lot by James & Lois Whaley to Washington Whaley in 1853. The land was acquired by Jasper Rogers in the 1860s and transferred to Northwest Township in 1890. A small addition on the north was added in 1925 on land acquired from Jasper's widow. Several upright field stones appear in the cemetery. It is assumed that these mark burials, although no records exist to prove this.
